SUMMARY

As a recent graduate from Can Tho College with an outstanding degree in Applied Computer Science, I have acquired a solid foundation in programming and application development on the .NET platform. My goal is to become a software development expert, continually enhancing my knowledge and skills. I am eager to learn new programming languages and technologies to meet the evolving demands of the information technology industry.

HARD SKILLS

- **Programming languages:** C# .NET, Java, PHP
- **Framework / Libraries:** Asp.net MVC - web API, Entity framework core, Winform, Javaswing
- **Database:** MS SQL Server, My SQL
- **Web front-end development:** HTML, CSS, Javascript, ReactJS
- **Languages:** English - A2 (good at reading)
- **Others:** OOP, Git, Microsoft Office

EDUCATION

Oct 2021 - Apr 2024

APPLIED COMPUTER SCIENCE

Can Tho College

GPA: 3.73 / 4.0

SOFT SKILLS

- Research
- Work independently
- Analytical
- Patience
- Open-mindedness and adaptability

WORK EXPERIENCE

VASD CO., LTD

Oct 2023 - Dec 2023
